Legend	
P0	Launch-critical / revenue path / customer-facing must-have
P1	High value but non-blocking — fix soon after launch if anything slips
P2	Backlog / nice-to-have
E1 ✓	Pre-ticked: e2e verified by E1 (testing agent / Playwright / curl). Spot-check only.
Done ■	Tick once you've personally confirmed live on production.
Path	Customer-facing path on production. Append to your Railway domain (e.g. https://www.tilestation.co.uk + path).
Manage At	Admin path where you edit / toggle / configure this feature. Always begins /admin/...
